✨ Freelance Overview

Experienced and reliable **Flutter Developer** with over 3 years of success in developing and deploying high-performance mobile applications and mini-games for international clients. I specialize in **remote freelance development**, helping startups and businesses bring their ideas to life through stunning UIs, efficient architecture, and agile collaboration.

I work closely with clients to translate ideas into user-friendly apps using Flutter, Firebase, custom APIs, and robust backend integrations. Whether it's building from scratch or modernizing existing apps, I ensure quality, speed, and long-term scalability.
